Sunday Jan 6th

Letters came about 3 o'clock

Mr. & Mrs. Gilbert wrote that

Mr. Wm. Archer & his father

arrived about five o'clock

Mr. W. Archer's second visit

I think he possesses great gentleness

& ~~every~~ ^{good} & ^{kind} sincerity of

manner Mr. Archer is

has just those manners that

are truly agreeable in an

elderly person at this about 70

years of age full of activity

& good human sense ordina-

ing to the young children taking

great interest in their pursuits

& occupations we are obliged

to put them to sleep in the

unfurnished house & fear

they were not well accommodated

at least I am sure they were

not as much as I could

have wished Monday Morning

The Gentlemen left us on

at about 4 past four Mr. A. was
round at by 3 o'clock —
two men binding barley
Eunuby thrashing
James Shepherd first day
Thomas the house

Wm. Went to Dr. Townbules
to ask the price of wheels
offered 15 lbs but he will
not take less than 24 lbs

Tuesday Ted the barley
The other men as yesterday
Robert very fractious about
being not to be seen to a field
himself & the two youngest
children took tea at Mr. Gillies
Robert fetched me very well here
home

Wednesday finished the barley
Charles Cox a week here

Thomas & John seen oak for
me

Eunuby as yesterday
Robert a very good boy

received instructions with
facility in the morning
found about 200 of Mr. McLeod's
sheep at the top of the valley
warded them shepherd said
they had broke out of the
fold in the night —
in the evening Wm wrote

3 letters J. Archer Esq
Bales

Broomby wheelwright

Also a pap. for John to get
the bullock —
very warm & pleasant
evening — Edward just as
usual very violent & very
affronting — Wm. very late
out of bed in the morning

Thursday morning

James out in good time 1/2 past 4
Robert also off to Mr. McLeod
John took the bushe to Mr.
Broomby & letters to

Thunder & lightening
very cloudy.

Edmond is insufferable last
night he told me the sheep
rambles & that there he
chased them for his amusement.

It is now nearly
seven o'clock. Mr. has
driven the sheep out &
Edmond has just driven
them back again he
says he will not go
out without his breakfast
he calls Mr. a fool. His
is a hole & rough I do not
know what to do with
him. a heavy shower
came across for his
stopping but he could
not ascertain that when
he first was mistaken.

Friday Morning

Mr. went to Mr. Bales
returned before dinner with
17 wethers. Mr. John Robinson
& George Guterley at dinner
Gave a little. C. Cox digging
Guterley breaking in the afternoon
he went to help Mr. Bales round
to drive sheep. Told to go as
far as Cambridge town tonight
Mr. I think I did not return
till nine o'clock much displeased
John not returned.

Thomas chased sheep & good
Robert very good.
Edmond as usual.

Saturday Mr. up very late
Robert & Cox branded the sheep
before he made his appearance
Robert afterwards took the
Muir's out as Edmond.

would not go, until he
got his breakfast as usual
and as going as ever
let 9 of the wethers from
Mr Bales get away
John returned with the
bullocks from Mr. Wheeler
they had been worked
I ~~never~~ got up very late this
morning

Sunday, all excepting
Edward very orderly he
in the most refractory
mood. ~~a~~ violent I
was quite shocked & grieved
it being Sunday did not
see him till evening
rather calmer Robert
all the day looking

for the last wether found
only seven much exhausted
when he came home

Mr. & Mrs. Pellice drank
tea with me Mr. P said
he would send Mr. L on
post after meat - receiving
a letter from Mrs. Clark
Monday taken very much
in the night no rest at
all. Mrs. rose early & got
me a dose of Calomel
did not suit him
O'Leary seeing poorly all
day - Edward rather
better than yesterday one
of Roberts' nights very
very angry & violent.
Mrs. very good -
Gos & John ploughed part
of the land John took

flour to the mill in
the afternoon - Robert
said Barney Fox was
going to Lanesborough
before he returned to
Robert Town & then he
was to bring our cart
down what will Dickin
son do for Sedan -

Ackerson returned on
Sunday Evening rich
Robert replies to me
when I tell him to go
after his sheep that
I get very cross & that
I do not know what
about what is so bad
as a mother

do not forget a sermon
book
some spelling books
prayer books & bibles
Sallad oil

Robert went at half
past four returns at
20 minutes to nine
has been at M Hughes
but if full of nothing
but impudence & insolence
will give no account
of where he has been
or anything about
the sheep says he
won't look after sheep
some body must go
after them that's from
after being at the
M Hughes & full of
fear says he won't
do that kind nor the
other is abominable
him & Edwards are

audacious when he
told from his inattention
your book will be
prevented going says
he ~~can~~ cannot help
it saying he does
not care oh they are
dreadful boys —
I was in hopes Edward
would have had a good
day he began saying
that two black backs
two black backs
one I promised to be
and many more in the
evening copying from
Roberts's manner
Mr. Cox came to show
the Ram has taken
one about 2 years old

Mr. Coe & Mrs. H. M.
Gibbs drank tea with
us

To Mr. Bunker Goodwin
My Father
Sir We wrote you about a
month ago ordering a pair
of iron wheels and not
having any answer from
you we making them also
at the blacksmith charged
per pound for the tire & wheel
we would feel obliged if you
would send us by the freight
as Mr. L. of Boston can get it
for 90 per lb or Robert T
know whether or not we
have the iron work of
him we thank you
to get the wheels done as
soon as possible our own
cart being quite useless
have sent with the barrel
& ~~iron~~ which I hope
will come safe
Yours &c W.B.

W B L proposes of the
quite convenient to Mr Baker
to be at his place to-mor-
row Friday morning at 8 o'clock
to view off the pasture & agri-
culture. He has been so
long prevented but that
hardly however for ^{some} ~~some~~
time - is now Mr B
Did not get the whole
of his rams together but
they & the flock are now
all ^{together} together & he can have
them on Saturday or
Monday —
